Life at Page

As the school year began there were many events which were held to kick off the year. Lunch hours were filled with fun activities during welcome week. There was things like the coke chug-a-lug, balloon blast, people pile-up, licorice lunch, pudding feed and jello drop. Although these were messy activities the participants did not mind. There were also the B-B-Q for the grade 10's and a dance to get the students to mingle. As the year progresd many other activities were held to accommodate the students free time. The year was full of fun and laughter. Remember what the speaker Norm Hull said "participate and you will find the year a more memorable one"

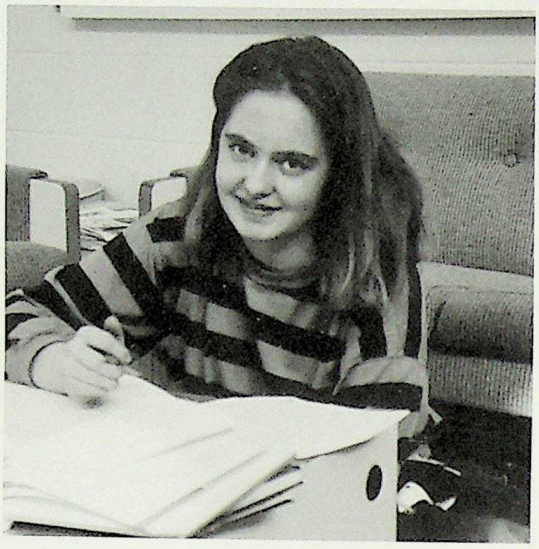
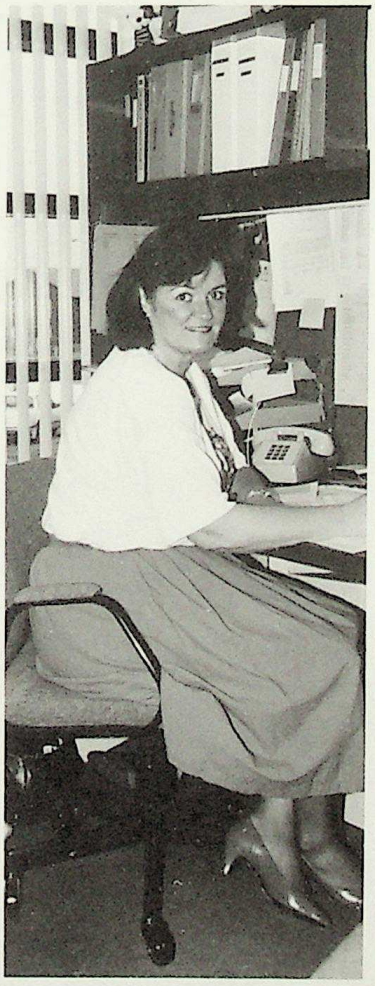
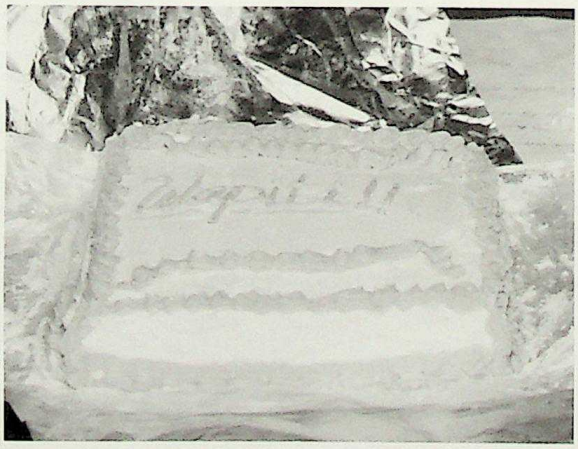
WAPITI HOUSE







Mrs. Mather's Message

As we approach the end of another academic year at J. Percy Page we continue to exhibit records and traditions that have characterized Wapiti House for years. Special thanks to staff and students for their active involvement in House and School activities. Our House activities continued to develop a spirit of cooperation and fun. I appreciate the contribution of the Wapiti staff in assisting and directing students towards academic exellence.

The greatet pleasure for me is the daily interaction with students. Your energy, compassion, sensitivity and dreams are the heart of Wapiti.

It is time to say goodbye to another graduating class. This brings sadness but also leaves memories that make wonderful companions for all of us. Good luck with your goals. Remember, the good things about dreams is that if they don't come true you can always dreams new ones. I wish you all good fortune.

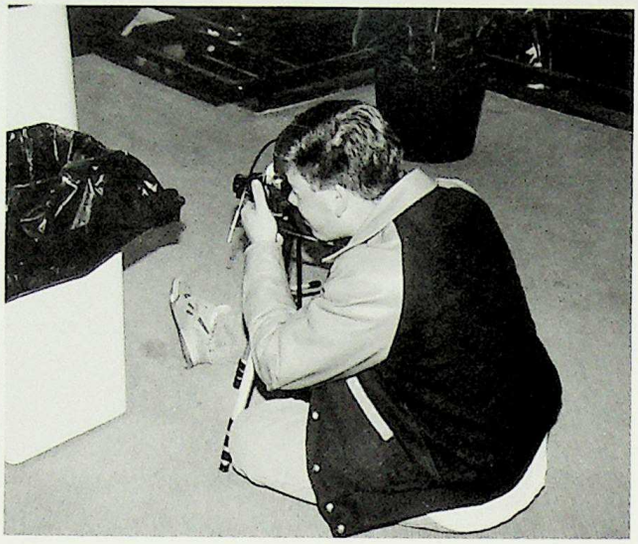
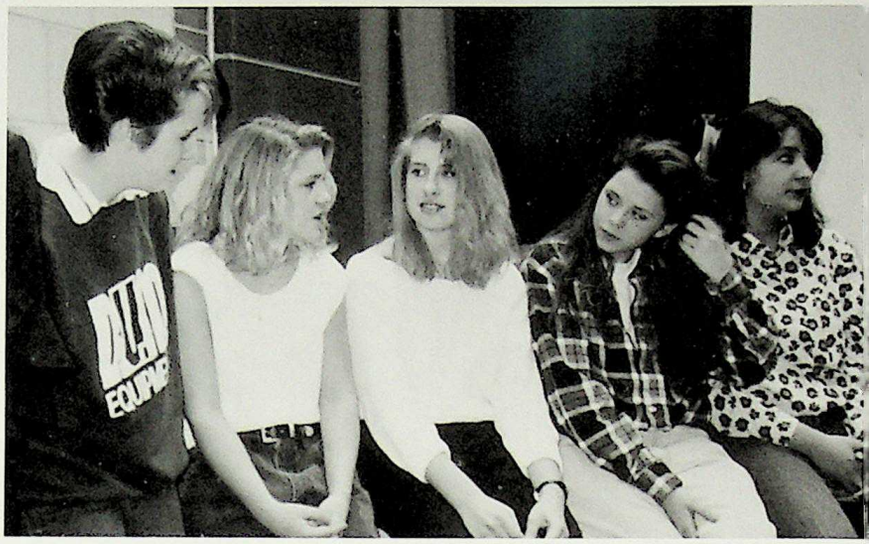
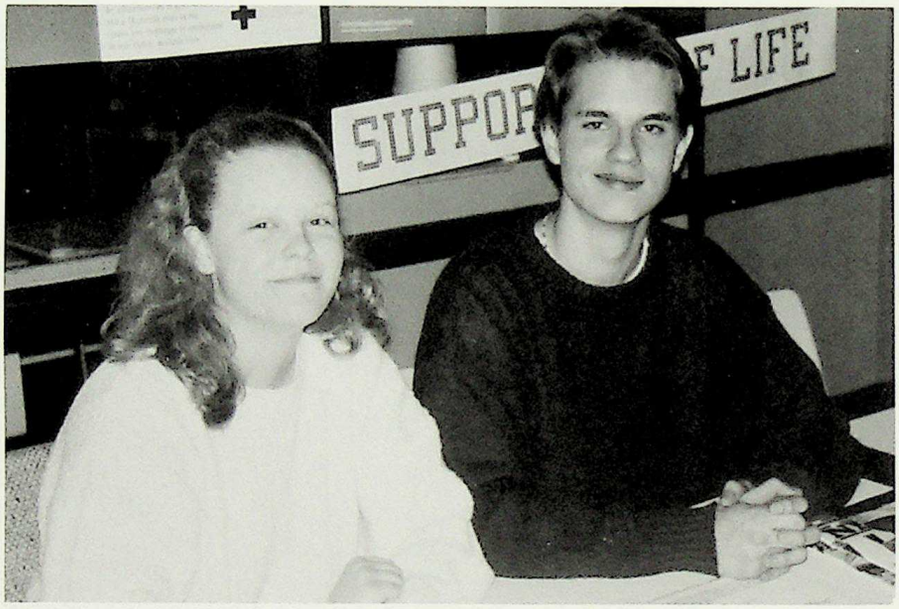
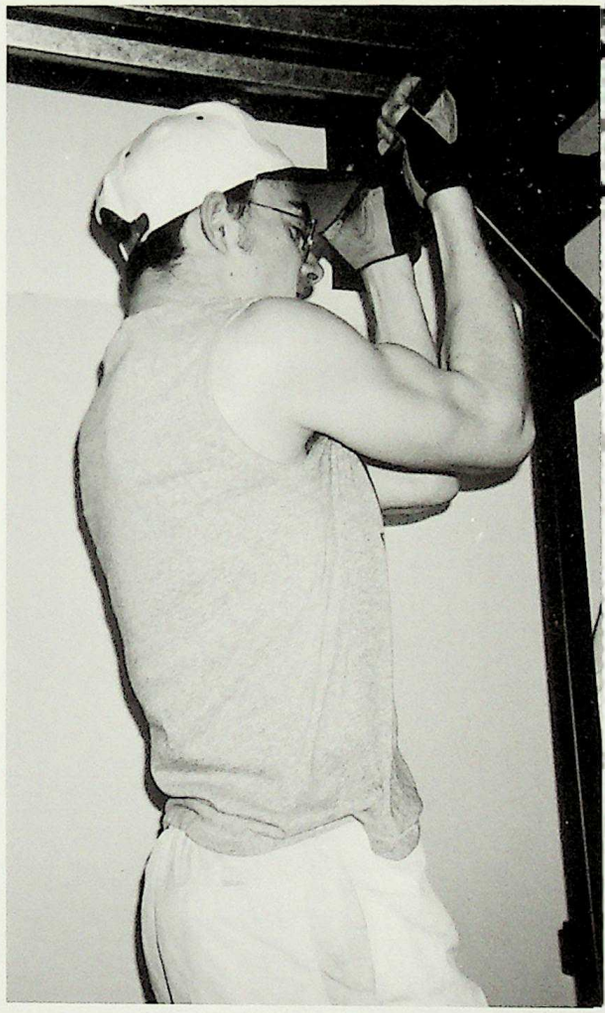
SUNWAPTA HOUSE

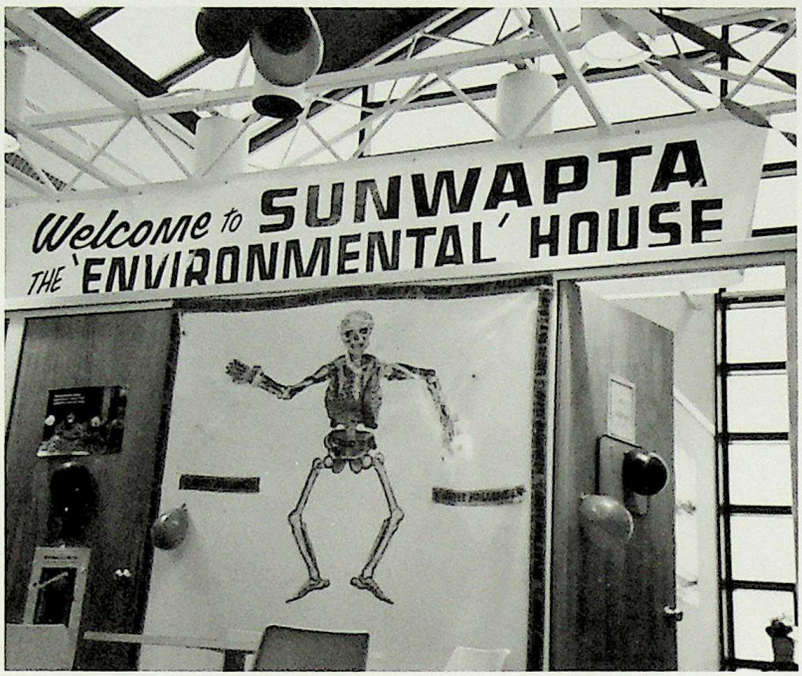




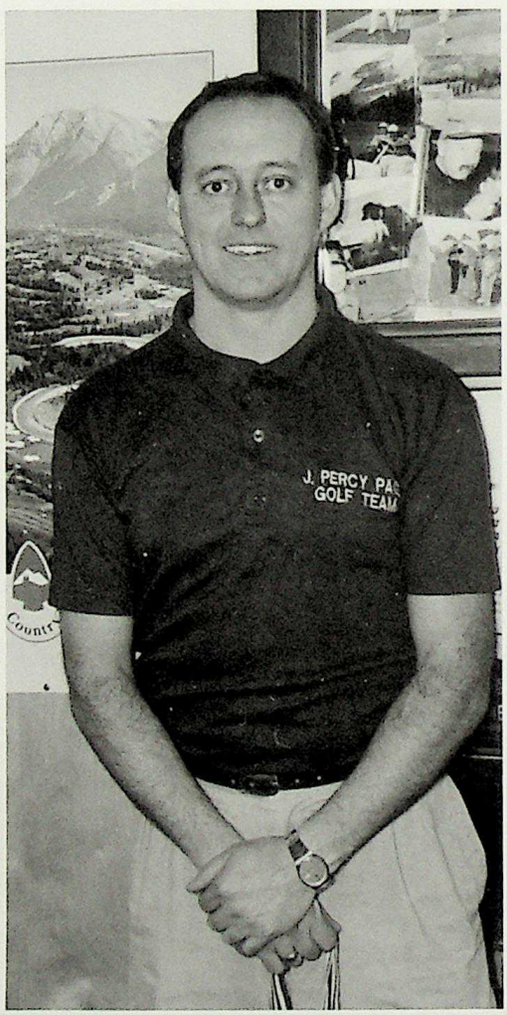




Mr. Stevenson's Message



I recently looked over our 1992 grad list. I couldn't help but think of the changes that have occurred since this impressive group moved into Page. The school population has increased by almost 150 students and over 20 staff members have come and gone. Literally hundreds of students have moved in, and or graduated, from your school. Many of you can recognize the changes in yourselves. The relationships, decisions, pressures and experiences you have faced have had an impact on you. Whether you are leaving Page or returning for another year, changes will continue to be a part of life. I am confident your experiences while at Page will have equipped you to handle these changes. As your life develops and becomes more complicated I hope one constant for you will be fond memories of the people and time shared at Page.



Mr.Stevenson and his wonderful secretary Mrs. Kenny.

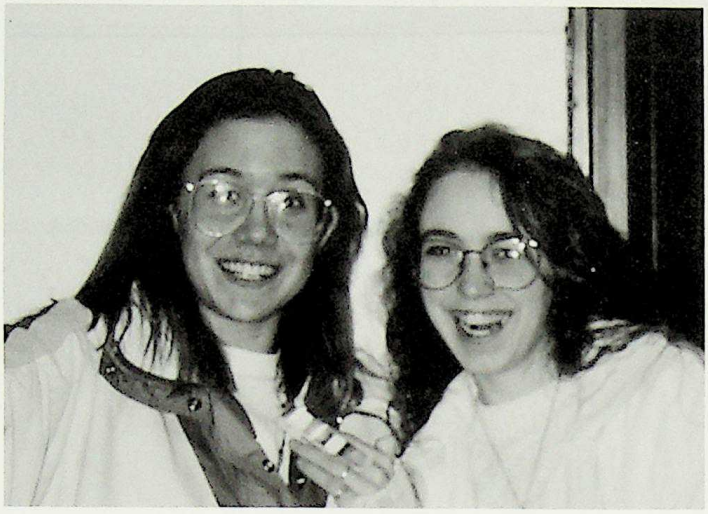
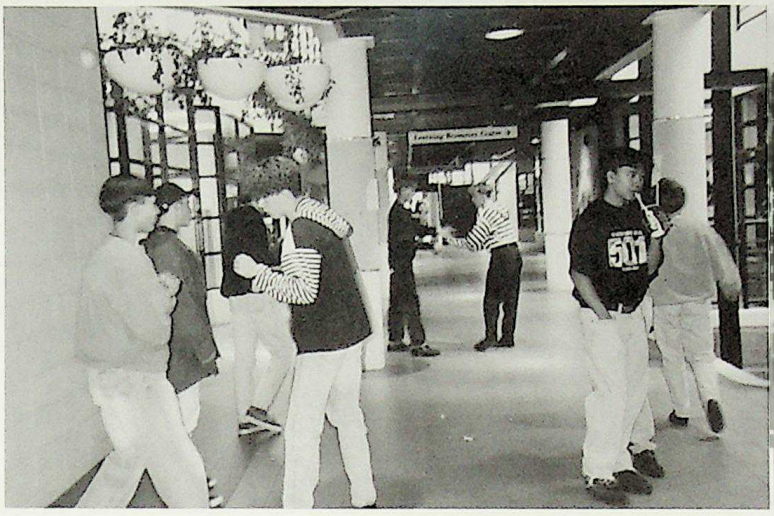
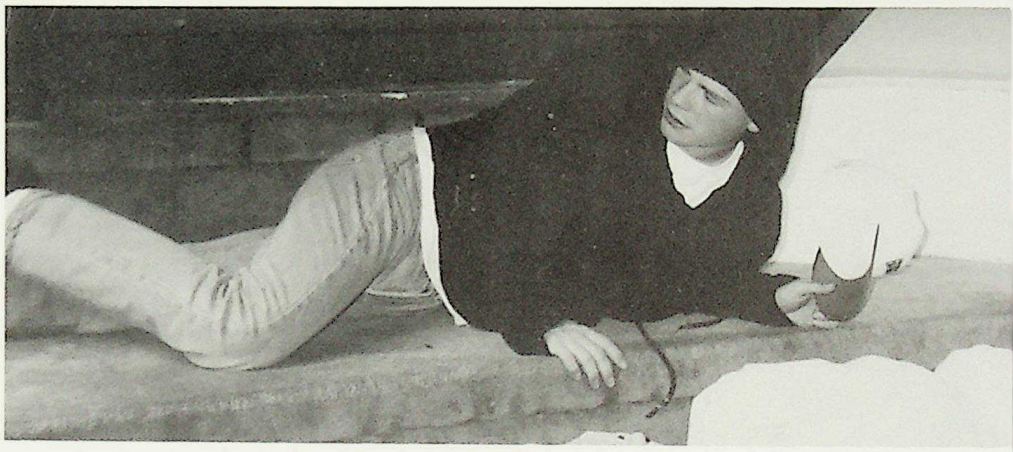
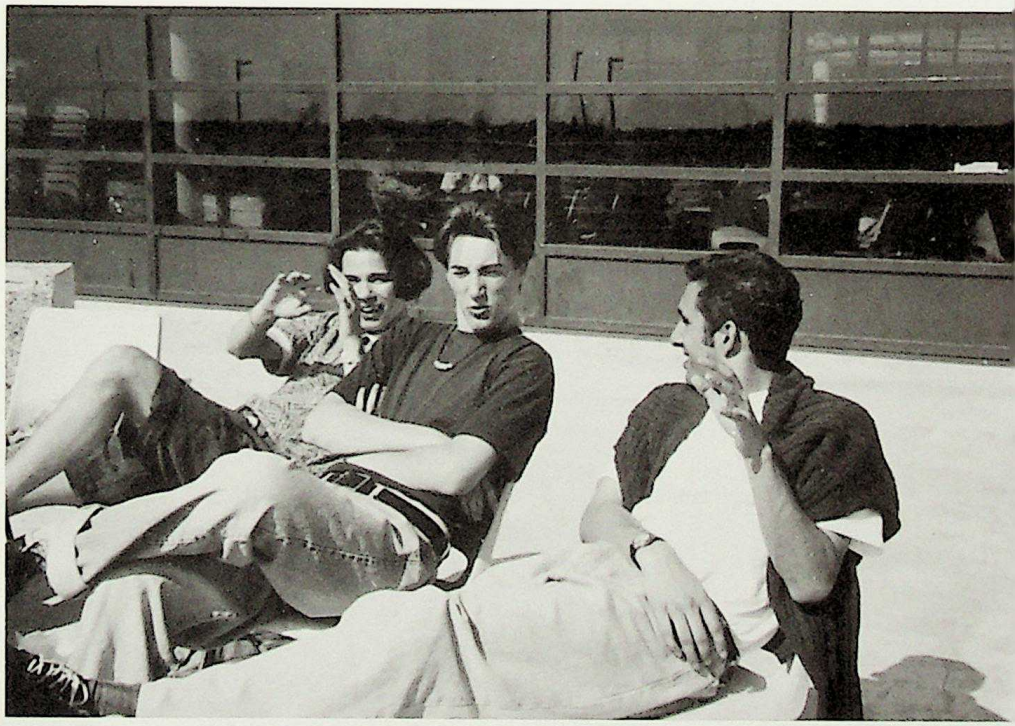
CASCADE HOUSE









Mr. Norby's Message

As this year draws to a close, I begin to worry about the students who have spent the last three or four (or five) years in J. Percy Page as members of Cascade House -- the Grads of 1992!

You are venturing forth into the real world; away from the protective and secure life you enjoyed in school. It will be scary and worst of all you will not have the benefit of the free advice that we so liberally and willingly provided for you in order that you might live a full and productive life.

So, on behalf of the staff in Cascade House, I am writing down a few life instructions to guide you in the days and years to come.

Remember that overnight success usually takes about fifteen years. -Eat prunes. -Don't expect life to be fair. -Laugh a lot. -A sense of humour cures lots of life's ills. -Put a lot of little marshmallows in your hot chocolate. -Never criticize the person who signs your paycheque. -If you are unhappy with your job, resign. -Leave the toilet seat in the down position. - Be modest. -A lot was accomplished before you were born. -Wear audacious underwear under your work clothes. -Make new friends but cherish the old ones. -When facing a difficult task, act as though it is impossible to fail. -If you're going after Moby Dick, take along the tartar sauce.

So, there you go! Get out there and do "good stuff"- we are glad to have been associated with you!

Glenn Norby,
Cascade Housemaster.

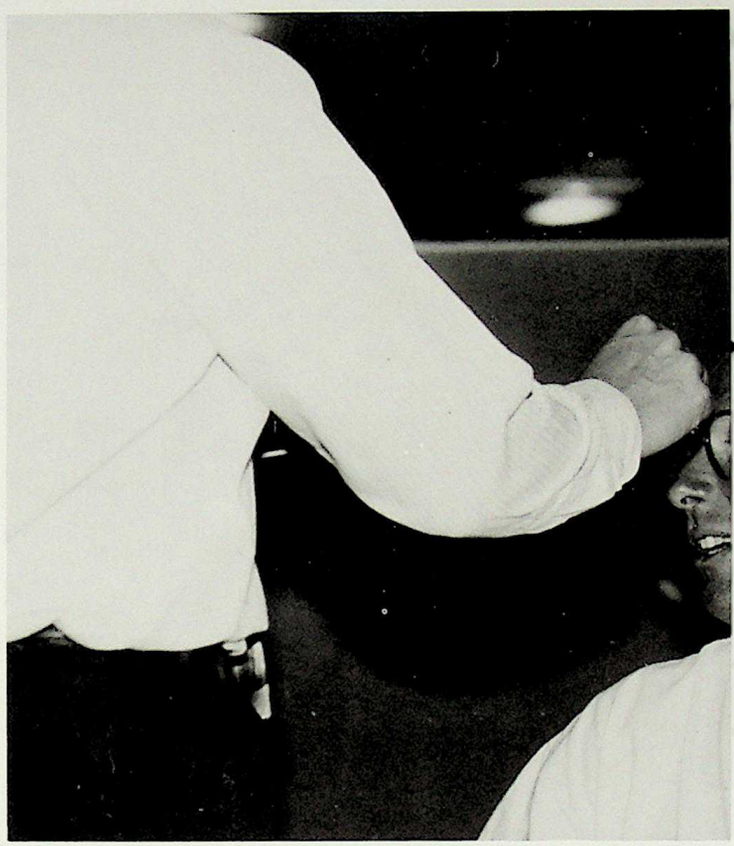
STAFF WHO MAKE IT THE BEST

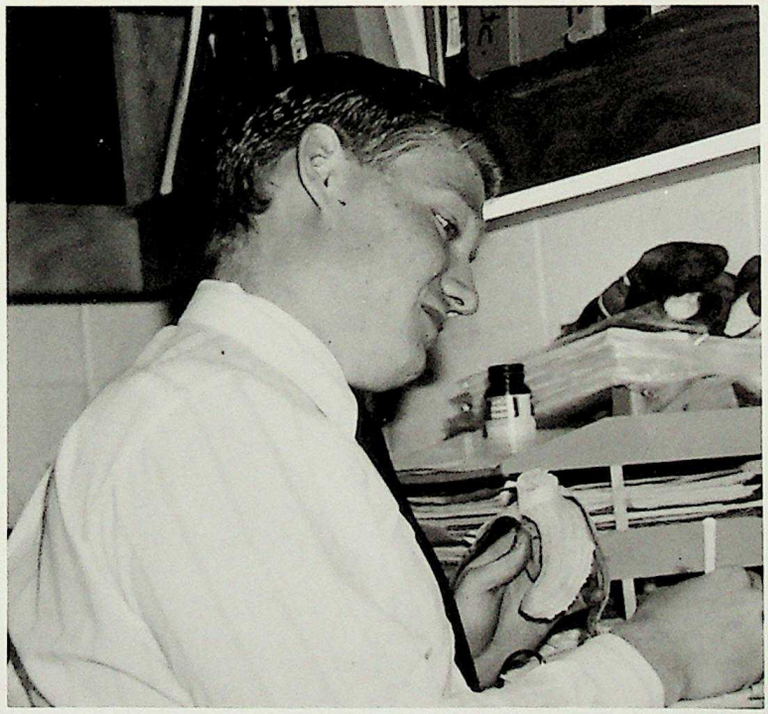
Learning From the Best

For many years the staff has not received the recognition that they deserve. This year we would like to say a special thanks for all the effort that they have put forth to help make our school a better environment in which to learn. Many of us take for granted the effort, time, and caring that our teachers share with us. As we move on into the years, many of our memorable experiences will include some of the many teachers in this school.

Thanks Mr. Skitch, for all the bad jokes; Ms. Edwards, for all the headaches; Mrs. Nugent, for her DIE HARD outlook; Mr. Takahashi, for military training; Mr. Barnes and Mr. Loehde, for that extra hour of sleep; for the BLONDE, Mrs. Robbins; Mr. Jensen, for his cool 'attitude'; Mr. Arthurs, for his singing (You Got The Right One Baby); Mr. Bushewsky, for his bribes; Mrs. Conquest, for her SSSHHHH...,; Mrs. Walter, for her sunshine smile; Mr. Rosborough's 'Good Morning'; Mr. Lepatski's doomed stock market; Mrs. Fenske - 'What a character'; Mrs. Panylyk, for her evil look, and Mr. Zurawell, for his life stories. As we all know there are many more to be remembered and let's do that in our own minds. This is a salute to all those teachers at J. Percy Page who made this year the best.



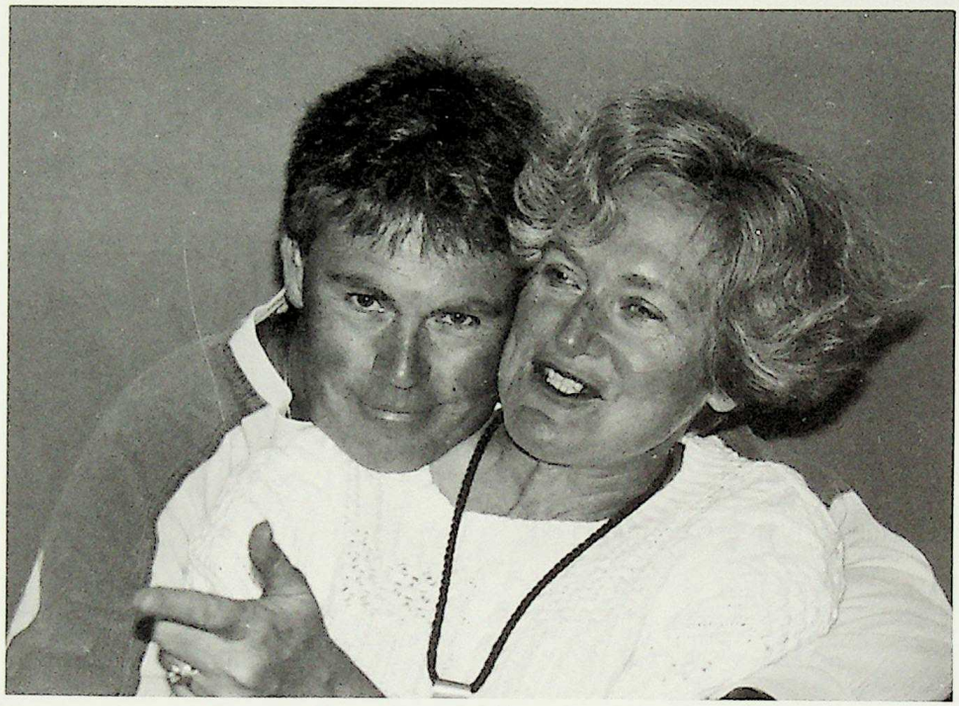
Mrs. Schubert is just too excited to teach.

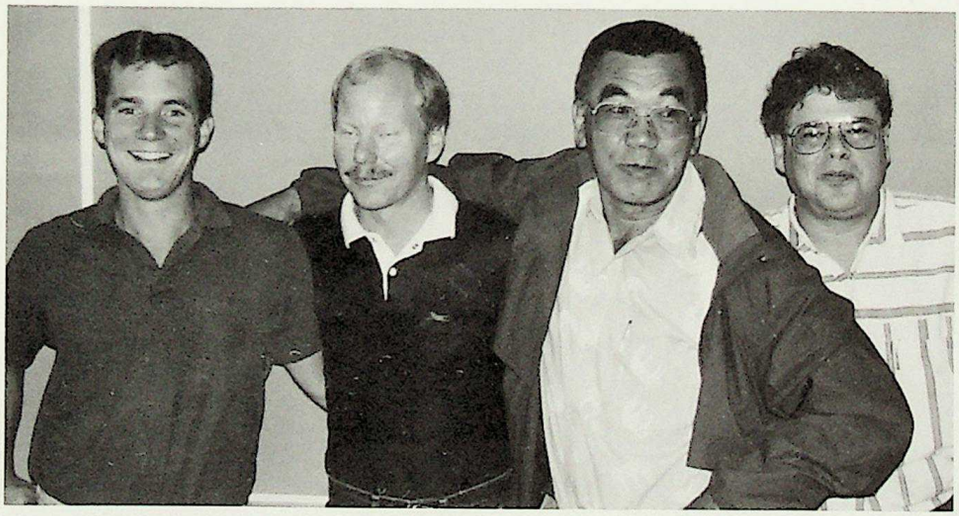


Mr. DeGrande busy consuming an angiosperm.

Knock Knock, are you in there Mr. Maradyn?

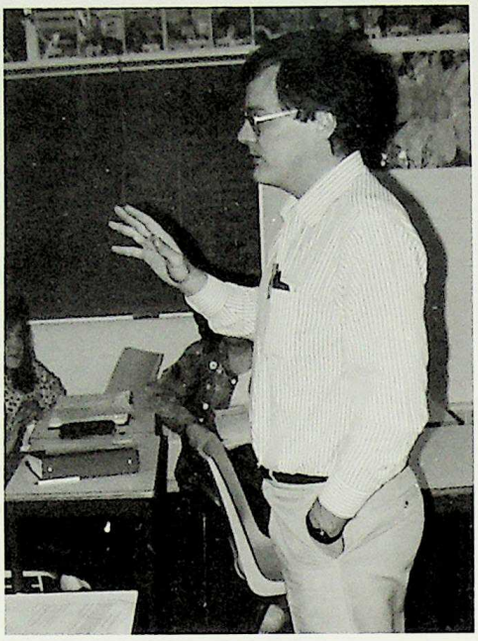
Mr. Jensen showing his love and affection for Mrs. Burke.

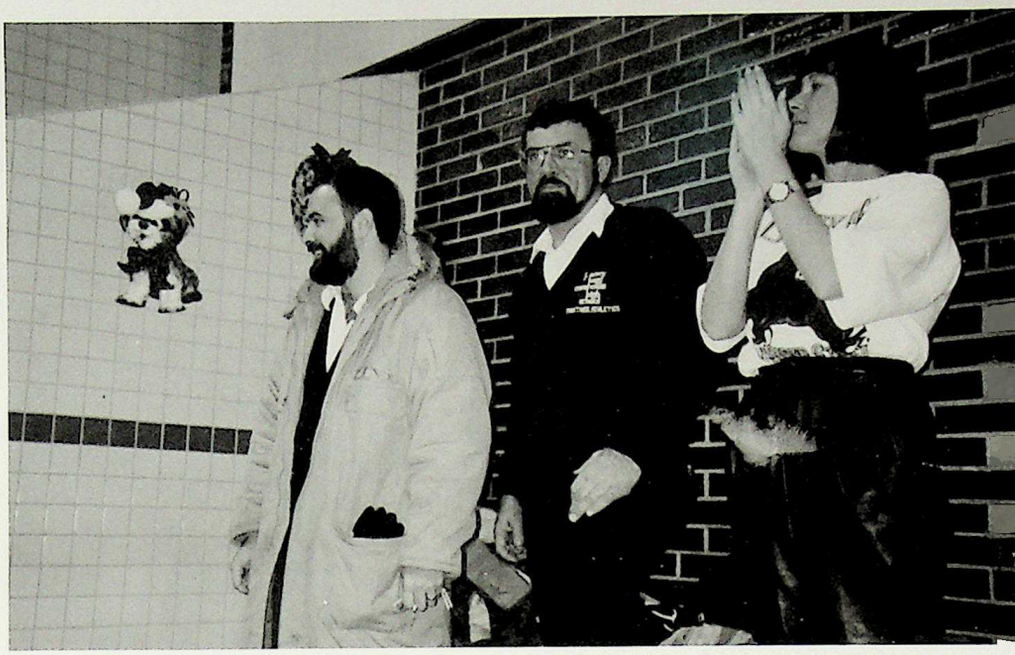


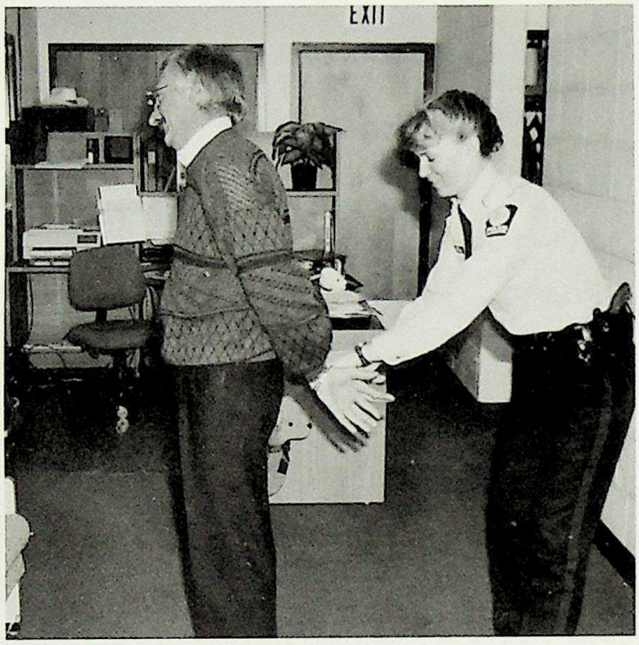


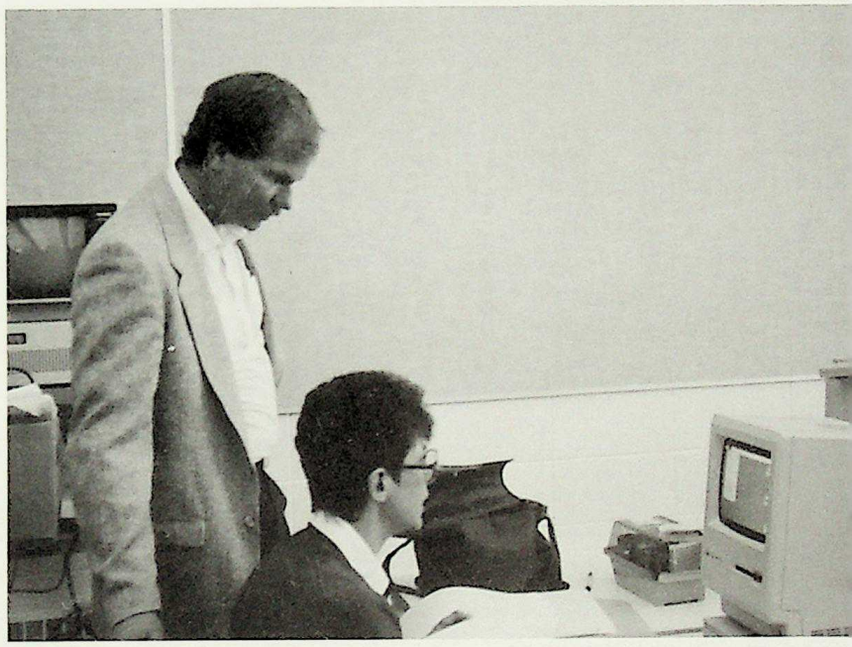
Who are you looking at Mrs. Sparrow?

Mr. McLean, Mr. Skitch, Mr. Takahashi, and Mr. Bushewsky in a tight clique.









Top Left- Mr. Long, stands tall and long.

Top Right- Mr. Zanoni, Mr. Fehler and Ms. Arnold give a standing ovation to the music of water.

Middle Left - The thief has been caught! Above Right - Mr. Buxton teaching Mrs. Kalmacoff how to use a computer.

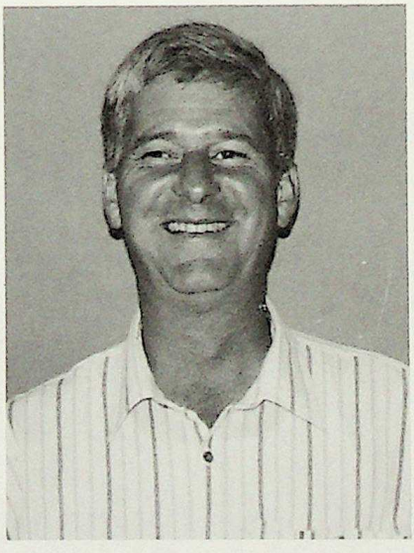
Bottom Left - Mr. Dendy, the funny man.

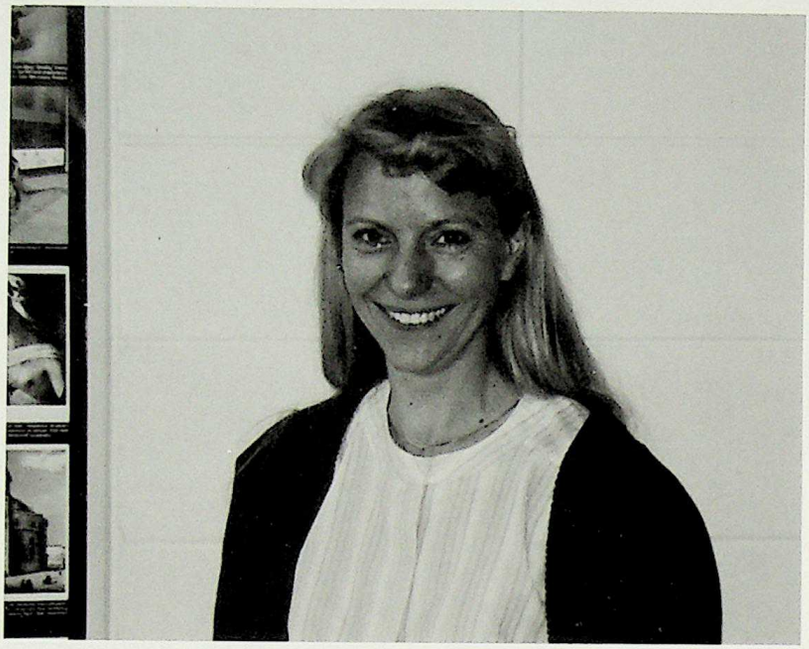
Bottom Right - Mr. Lyttle, the man in front of J. Percy Page?

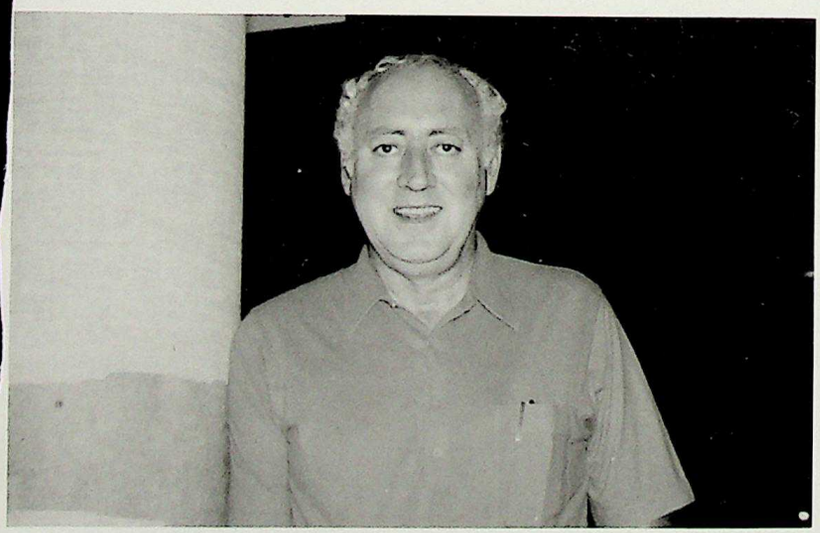
Top of Page 47 - Mrs. von Busse, With her cheery smile.

Middle of Page 47 - New teachers Mrs. Iftody and Mrs. Wilson.

Bottom of Page 47 - Mr. Gainer, the tower of strength ?????







DID YOU KNOW...?

** Mr. Montgomery was an R.C.M.P. officer.

** Miss Holder played on the Canadian Field Hockey and Basketball team.

** Mr. Dendy once had two eyes.

** Mrs. Conquest taught piano.

** Ms. Edwards went to school with Anne Murray.

** Mr. Takahashi spent two years in jail. Why? Go Find Out.

** Mr. Long claims that he is irresistible to women.

** Mr. Balbar won the Motorcycle Championship in 1980 and is a new dad this year

** Mr. Rosborough used to teach at Edith Rogers.

** Mr. Jensen parachuted for a living while in University.

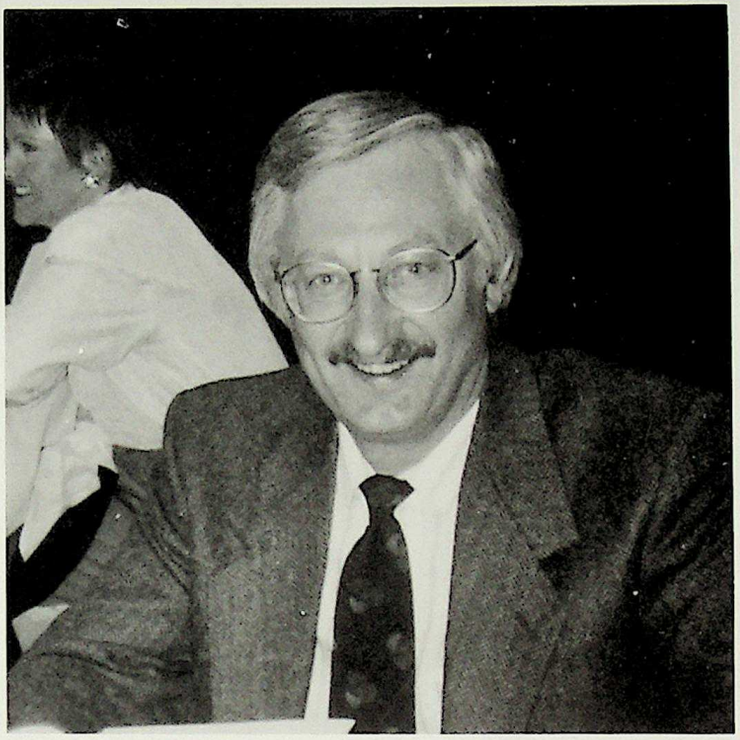
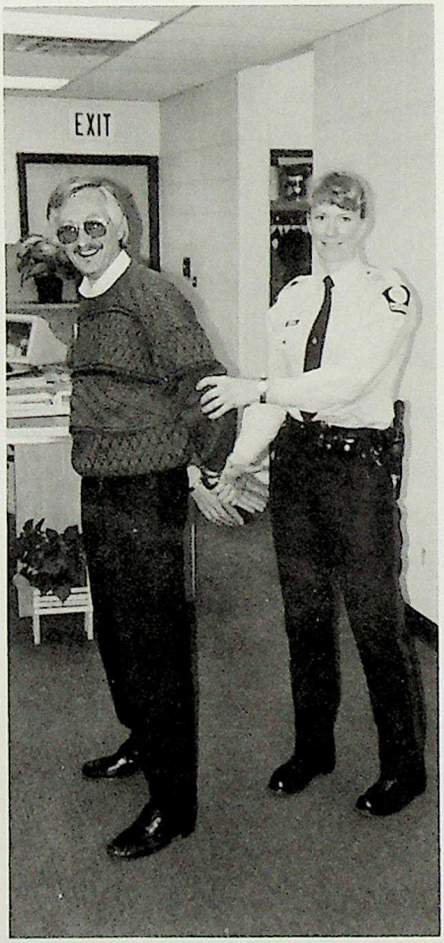
Mr. Lepatski's Message



Mrs. Deputat and Mrs. Roberts preparing for Mr. Lepatski

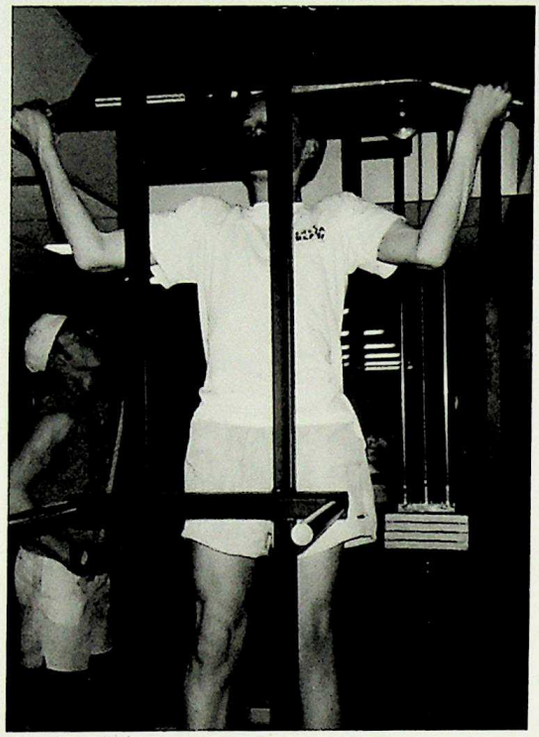


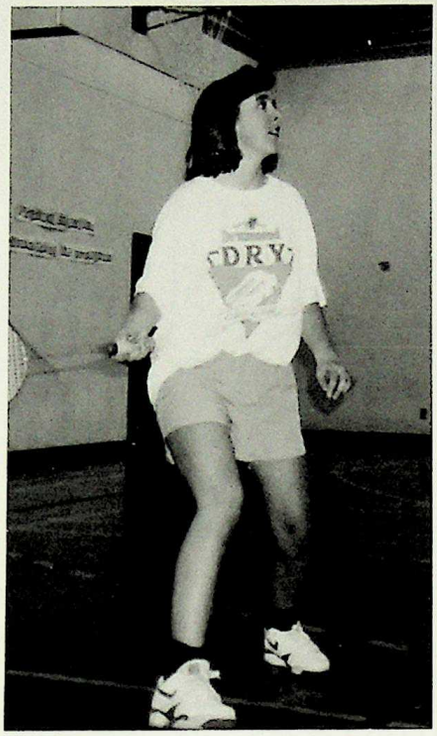
1991-92 has been a banner year at J. Percy Page Composite High School. Our school's accomplishments and your participation in them will make this a memorable year. Page cannot grow any more. For the first time in this school's history we had more registrations than we could handle, and we could not accept many students who wished to come here. Our size gave us the flexibility in offering a varied and exciting program that meets the needs of our students. We are proud of the individualized math programs and business education courses we are initiating. Our use of technology in the delivery of curriculum is the best in the city. Thanks for helping us make this a success!

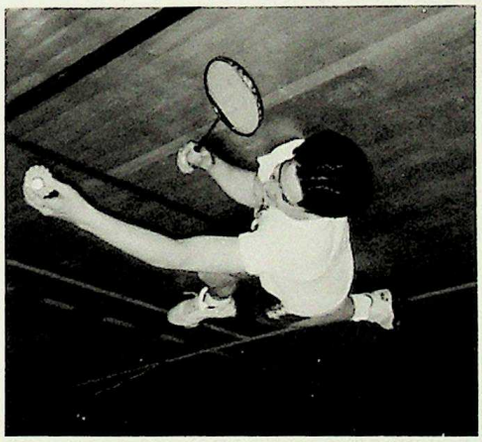
Page's athletic teams have done well! Our women athletes captured two city championships (senior volleyball and handball) and demostrated that they are the driving force in our athletic program. Our school was represented at several city championship games. A terrific season ... and track is rapidly becoming a 'Page' sport. Special events and participation in social activities and clubs often "make the year." The Page Players had a fantastic year. Their seven performances, including Sans Parole, Drama Fest '92, and Guys & Dolls, demostrated that they are accomplished performers. Other events to remember were the International Festival of Light, Career Days, Open House, Awards, Another Op'nin', Another Show, Grad fashion show, Beauty culture field trip to Orlando, Band trip to Disneyworld, Grad banquet and dance, and a continual program of Student Council activities and dances.

Thanks to everyone for a wonderful year. I wish success and happiness to each student who is leaving Page this year. Have a wonderful summer and I look foward to seeing everyone who returns in the fall!

Sports







Senior and Junior Boys Volleyball

What a fantastic year! A year filled with tremendous highs and enduring lows. Our season began over the summer as players worked bingos to raise money for our long and expensive season. The volleyball playing season started the first week of school. After several tryouts the team was picked and ready to begin a challenging season; only two weeks before we left for Winnipeg. Our plane left on time (Sept 20) and arrived in Winnipeg for four days of wolleyball and sightseeing. A great time was had by all both on and off the court. In addition to Winnipeg, we competed at tournaments in Wetaskiwin, Red Deer and Spruce Grove. The highlight of the tournament season came in Spruce Grove where we upset, what would turn out to be, the provincial champions - Lindsay Thurber.

In league play, we finished second and went to playoffs with a 6-2 record. Our first playoff against Vic was a walkover. We won in three straight games and our defense held Vic to a total of 13 points in the match. With this win we advanced to the City Conference Championships against Jasper Place at Jasper Place. The gym was packed with screaming fans for both Page and J.P. But homecourt advantage was too much and we lost three games to one. It was an exciting and enjoyable year. On behalf of the team. I would like to thank all the students and staff who supported our program over the year. In addition, the Athletics Department and the Parent Advisory Committee provided financial support and fundraising opportunities that reduced the cost of playing tremendously - Thank-you !!!!!! The biggest thank-you is reserved for the players who made this one of the most successful seasons in Page's Senior Boys' Volleyball history.

Senior and Junior Girls Volleyball

This year the Senior Girls Volleyball Team enjoyed a successful season. They kicked off the year with a five day tournament in Winnipeg that was enjoyed by all. The girls also had moderate success in other tournaments in Red Deer, Westaskiwin, and at the University of Alberta. By the end of the season they put everything into gear and came out in first place. In the city finals they defeated Ross Shephard High with a score of 3-0 and won the title of City Champions. Congratulations Girls! Good luck to all graduating and retiring players in the following years.

The 91-92 Panther Swim Team, co-captained by seasoned competitors, Travis Moorhead and Angela Griffiths, finished 7th place in a field of 8 City Swim Teams. The previous years' practice of dividing the teams into 2 leagues - ''big'' schools and ''small'' schools - was done away with this season due to the dwindling numbers of teams. So, the Panthers, on occasion, were faced with a Friday Meet consisting of Page vs. Scona I and Scona II!! Truly intimidating!

The team's base pool is Millwood's Wave Pool for 3/5 days and the difficulties of distance training in warm water and practicing racing dives from a height of 1m were overcome by busing to Bonnie Doon Pool 2/5 days. Our numbers were small but our enthusiasm and dedication were outstanding!

Panther Curling made further progress this year with the return of the Harasymow and Hess rink both moving up from Junior to Senior. Both rinks were busy in Bonspiels in addition to the High School Leaque.

Jeff Round and Waquar Saif took turns to skip a Junior rink which, to the surprise of all retained for Page the Junior Championship of Edmonton Schools.

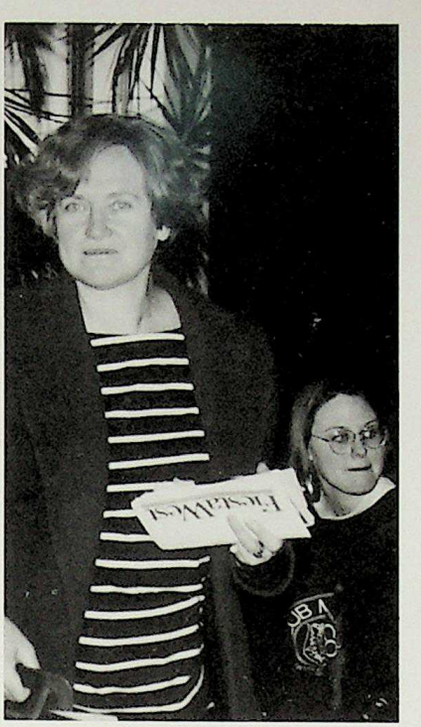
This year saw the expansion in all phases of music-making at J. Percy Page. To our concert band and choir we added a Jazz Choir and a second Stage (Jazz) Band. Finding enough noon hours and after school hours to accomodate rehearsal time for all these groups was a logistical nightmare. As well, we were fully involved in the newly established Musical Theatre class, which culminated in the Broadway Musical Production "Guys and Dolls."

These music groups performed at a variety of functions this year, from the Environmental Forum and Mozartmania last fall to Commencement ceremonies in May at the Jubilee Auditorium, and at Disneyworld and Universal Studios in Orlando, Florida. They competed at the Alberta Music Festival, gaining silver medals in three categories and excellent adjudications at Jazz Works '92. The choir and Jazz Band teamed up on occasion for performances this year in March, at the Edmonton Public School Board Long Service Reception and the Support Staff Retirement Banquet. Our Jazz Choir also performed outside the school, most recently at Prince Charles Elementary School House in May.

The Jazz Bands added a joyous atmosphere to our school OPEN House in March, at the Christmas Concert, the School Awards in June and the Junior High School Writers conference, "LEADWORKS", at the Centre for Education in May. As well, the music students worked to expose all students in the school to different styles of music. Last October the Lethbridge Collegiate Institute choir and Jazz choir entertained the students from the "pit", as did the Foothills Brass and the Camrose Jazz Singers. We also had the privilege of a workshop from jazz trumpet great, Dominic Spera, and organized a field trip to the PHANTOM OF THE OPERA in Calgary in June for 200 students.

The music students at Page demonstrated their talent in performance, their dedication in rehearsal, and their spirit of community in their many performances outside the school and within the school to enhance other events. They were an outstanding group of committed students and it was a privilege to work with them this year.



Mrs. Burke, ticket in hand, prepares to take a large, slightly excited group of music students to Orlando, Florida. Good luck Mrs Burke. You're going to need it!

Drama

The Drama Department has had a very busy year this year. Their major production of the year was the musical 'Guys and Dolls'. They performed at the Arden Theatre in St. Albert on May 14th and 15th. The Page Players, Kameyosek students, Drama 30 students, and Miss. Smith all worked hard on the dinner theatre and mime on April 16th, and it was fantastic! Two Drama 30 students directed one act plays at the Annual High School Drama Festival, on May 5, 6, 7 and 8. Bobbi Blum directed "The Unknown Soldier" and Mariah Fowler directed "The Final Play". Their hard work was not wasted this year as the students took a bow on June 5th on the Drama Appreciation Night. They were also treated to a presentation of "Present Tense" by Encore Productions. All in all, it was a great year!!

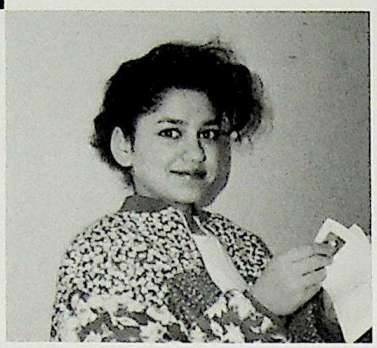
Yearbook - Editor's Message



(Bk. L to R) Ryan Vieira, David Lamb, Reetu Nagi, Nick Trieu (Fr. L to R) Miss Edwards, Edward Chan, Amanda Trieu. Missing Shee-Chung Theng. Above Aisha Mirza

Finally we have come to an end! When I was first offered the opportunity to work as yearbook editor, I hesitated and did not give it any consideration. However, during the summer, David, Ryan and myself went to a Josten's workshop at Old's College where we learned the traits behind making a sucessful yearbook. At the workshop we did many layouts and took many pictures. It was great and we sure learned a lot and made many new friends.

This yearbook was called "Simply the Best", because to us it is the best, since it is our first book with all the newest ideas and quotes. At the begining we started off really well. We were well organized and everyone was having fun. As the year progressed there was more to do and deadlines to meet. Sometimes the yearbook staff and I were at school until 10 o'clock at night and came in on weekends and P.D. days to finish our deadline. It takes a lot of time and effort to make a yearbook as we all realized after our first deadline.

Thanks Miss Edwards for helping to make this yearbook possible this year. It was hard of course when we were all underpressure and many arguments broke out, but I guess that's what kept us in line. And special thanks to Leah, our Josten's Rep, who was full of encouragement and spirit. "Age is a state of mind. If you have no mind it doesn't matter!" Thanks also to the people on the staff who stayed with me all those long days to finish the yearbook. To Reetu, Aisha, Edward, Shee-Chung, David, Ryan, Nick, we did it. It's over now, we can sleep and not see pictures anymore. Also I would like to thank Ms.Edwards' Typing 10 classes for typing all those grad write-ups. And to all those who occasionally helped out, Mr. Gainer, thanks for taking pictures for us, and Mrs. Taylor, how could I have dealt with those graduates without your help? How could I forget the night staff who cleaned up after us. Thanks so much. And to Mrs. Nugent, for letting us use your room anytime. I hope I didn't forget anyone!

Best wishes to next year's staff. It's going to be hard but keep your head up and make it fun instead of work. Don't procrasinate! Do a little at a time and you'll finish even before the deadline!

I wish the best to the graduating class of 92.

Peer Support & Sol

Peer Support Retreat
This year from September 25 to September 27, the Page Peer Support team attended a retreat at Camp Bar-V-Nok. The team consisted of 24 students and four facilitators. Special thanks to the facilitators: Mrs. Walter, Mr. Fehler, Mr, Rosborough and Mr. McLean. During the retreat we screamed, we spoke , we smiled, we laughed, we cried and we had a blast. Working together at Bar-V-Nok through sessions, and various fun activities we built a strong, helpful, understanding team with excellent peer supporting skills. P.S. The Supporters of Life (SOL) continued its social action to arouse awareness, educate and take action on issues of social importance. In conjunction with Beaver Foods in the cafeteria, they replaced styrofoam plates, cups and plastic utensils with more environmentally friendly materials. They organized a 30 hr. Famine in support of world hunger relief and raised over $4000. They would like to thank all those who contributed to their efforts in material fashion and those making changes in their own personal lifestyles.

Students Union & Boards

Cascade Board got off to a slow start in September 1991. Many people were not interested in a commitment and chairperson Sunit Gill was getting discouraged. However by November, the board had 13 members and was set to go. We launched a project called Cascade Guardian of the rainforests and set up fundraisers. Cascade moved into 2nd place in hot-house points and to keep that position, we started a "points for participaction" project for Cascadians. Before the year is over, we hope to have a Cascade Day. and a year end celebration. Thank-you all board members who sacrificed their time to make 91/92 a successful year, and special thanks to Mr. Gaumont, our advisor.

Wapiti house has been quite successful in raising school spirit this year. The way Wapiti has done this is by handing out balloons each month for the birthdays of Wapitians; handing out blue cards for merit, honors, or honors with distinction; drawing every second week for a Wapiti Winsmore bear and holding various activities throughout the year as follows: locker sale raised $125 for Wapiti's baby elephant (Oct.), trial for Bill Lepaski for the theft of Wapiti Bears (Nov.), Christmas Luncheon for Wapiti staff (Dec.), collecting blankets for the SPCA (Dec.), St. Patrick's Day; mini-mint ice cream cones served to Wapiti students in house office (Mar.). Helped Sunwapta support the Food Bank, WIN house, and Youth Emergency Shelter (Mar.), Teacher's Pet Contest (April) Thanks to all Wapiti students and staff who made this year a great success.

As a result of this terrific involvement, Sunwapta House has, for the second year in a row, won the Hot House Points Contest. Apart from being regularly involved in all Student Union activities, Sunwaptan's were especially involved in projects such as the Blood Donor Clinic, March Charity Drive and the Recycling Program. It was a terrific year! Let's make it three in a row!

I'd like to say a special thank you to Ms. Broad and the Student's Union Executive for all their hard work and effort making this year successful. Debating Club & Crime Stoppers

The Debating Club had an exciting year in 1991-1992. The highlight of the year was the Mock Legislature, held in October. Club members went into the Alberta Legislature and represented MLA's of the three major parties. John Clare was NDP, Opposition House Leader and Craig Carbol and Brent Hughes were Tory Ministers of Education and Enviroment, respectively. The two-day event culminated in a banquet at the Edmonton Inn.

J. Percy Page hosted its firstever Debate Tournament, which involved sixty-four teams from the city and North central Alberta. Many teachers, students and volenteers contributed time to making this a successful event.

A regional win at Queen Elizabeth High School gauranteed John Clare and Craig Carbol a place at the Provincial Tournament at Medicine Hat in March.

Our final event was the semi-finals of Mock Trials with participation from the grade 10 debators, who did an excellent job in winning their case but lost on speaker points to Old Scona, the final wining team.

Many have made it to the cities championship and hopefully will do very well there. Congratulations to the success of this year's track team and hopefully next year will be just as successful. Have a great summer. Due to the number of athletes' names were not provided.

Community Breakfast

On Friday, May 1st, visitors from each of the schools in Mill Woods were invited to have breakfast at the school. The breakfast started at 7:30 a.m. Guests included dignitaries from the provincial government, federal government, the school board, and the City of Edmonton. It was a great success and everyone had a great time. Thanks for all those who helped out. Peer Support and the Band were a great help!

Stuart Olson

The focus of our partnership with Stuart Olson was the Youth Emergency Shelter. Our staff of students contributed to over two-hundred hours to this worthwhile project.The project also allowed for field trips, job shadowing, summer employment, and in class presentations for our students. We celebrated our first anniversary with a sod laying and barbecue at the Youth Emergency Shelter. We look forward to continued involvement with Stuart Olson In 1992-93.

Congratulations to all the grads; we're finally through! This year there have been a lot of great moments at Page, and we hope that we captured some of these for you in the Grad Slide Show. Not only did we capture the great moments, but the really embarassing ones, too. You know-the kind you can use for blackmail! And boy, did we have fun (and chuckles) doing it! Hopefully we helped you remember some of the great times we had within the walls of J. Percy Page, and all of the friendships formed here. We have only one thing left to say:

Best of luck finding your PLACE IN THIS WORLD.

Our preparation for Grad '92 all started the first week in September, the very first Monday that the 1991-92 school year commenced. Tobie Mathew, Monique Cheveldayoff, Kerri Levin, Lori Sparrowhawk, Kari Larson, Virginia Hink, Cheryl Abday, Shelley Meadahl, Alison Allen, Teresa Dyck and myself set out to work to do our very best to help reduce ticket costs and spread some (what we later found out to be) desperately needed participation. What we also realized was the saying is true that 15% of the people do 95% of the work, but I guess that's what we promised to do when we vowed to dedicate our every waking moment alive in support of Grad '92.

From October to April we did everything humanly possible to sell our memorable Grad T-Shirts, and with a class of 218 graduands we assumed selling 30 shirts would be a breeze. Little did we know that 12 whole people would venture into this investment in their memories. Selling these items was almost as hard as trying to get those grade 10s to try and keep the pit clean. (Almost, not quite)!!!

In mid February we conducted a vote concerning what our Grad Song should be, and the ballot turnout was most impressive. However, the same people who voted and later took note of the results, were surprisingly shocked to find out that "A Place In This World" was, in fact, our Grad Song.

How did it turn out????? ABSOLUTELY UNFORGETTABLE!! I don't think we could have asked for two more successful events. From our memorable class historians at our 1992 Commencement ceremonies, to our trip through Mr. Gainers' classroom at our Grad Banquet. Every ounce of effort was worth it! Every Bingo, every sucker, and every lunch hour spent in the kiosk was worth it!

Thanks, of course, goes out to every member of Grad Council for their hard work and dedication as well as to Mr. Shave, Mrs. Sparrow and Mrs. Kalmacoff for their time and support. Most of all, however, thank you goes out to every graduand who made Graduation 1992 at J. Percy Page something never to be forgotten.

Good Luck in your futures and may you all someday find your "PLace in this World".

Best of Luck

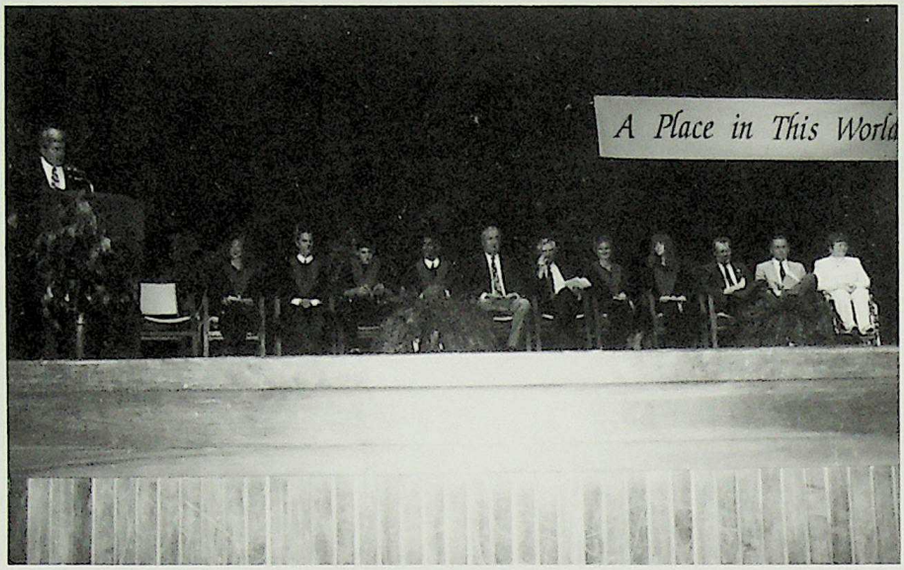
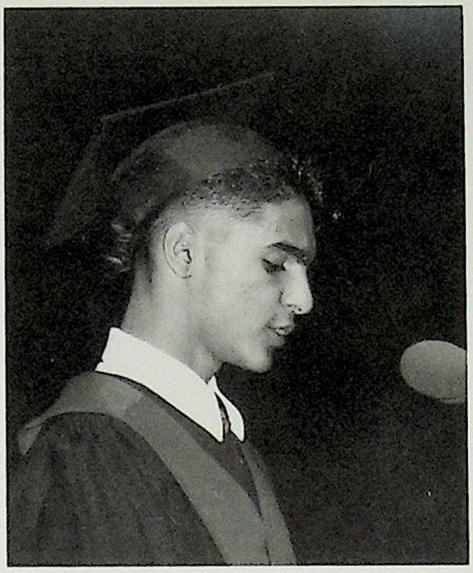
Commencement & Class Valedictorian



The 1992 Commencement Platform Party



Rajan Masih, Class Valedictorian

Honored Guests, Parents, Staff, Friends, and Fellow Graduands.

Today we have gathered here for a very special and significant moment of our lives. It is an occasion which is not to be taken lightly, for Graduation marks the beginning of a new era in our lives and the end of an old one. Today is a day in which we can take excessive pride in ourselves and say, "Wow! I did it, I have actually graduated!" Others may simply say,"Don't I look cute in my cap and gown?"

What we have achieved today is a result of hard work and dedication. It is a result of putting our minds to the task and accepting nothing less than the best. With the presentation of our diplomas tonight, we have symbolically come to the end of our schooling, but in reality we will continue to educate ourselves throughout the rest of our lives, for each day will bring us new adventures which in turn will expand our knowledge of the world surrounding us. The knowledge and skills we have acquired at J. Percy Page will not vanish with the acceptance of our diplomas, but will stay with us for the rest of our lives.

Because of our experience at Page, we Graduands have grown to new heights in our hearts and minds which before may not have been imaginable. The future is in our hands, and we have the potential to cure the world of poverty, global pollution ,war, and social injustice. The world around us is constantly changing; we must endeavour to accept new challenges as a result of the technological society we live in. We are also forced to create new solutons for the problems arising. As long as we put our minds to the task, we can achieve anything. Winston Churchill said, "The empires of the future are the empires of the minds."

There is also a sense of fear within our minds, that fear of the undiscovered country which we must go to upon graduation. Fears of continuing education, living independently, working, or leaving our friends behind. It is important that we use our fears as a motivation to strengthen us as individuals. "We have nothing to fear but fear itself," Theodore Roosevelt. We should cherish the memories we have attained in high school but at the same time look forward to the future. As individuals, in the past 3 years we have grown physically, emotionally, and intellectually. Our knowlege of the world has been expanded which in turn has allowed us to become openminded individuals. With open minds we can open doors in the future. As long as the doors are open, dreams can We must remember that our success is not the result of our efforts alone but also those who have assisted along the way. First of all our friends who have celebrated with us in the good times. They have made our high school years memorable and will not be forgotten. Secondly, our teachers must be remembered, for they have put in enormous amounts of time and effort to improve our knowledge of the world. They have taught us skills varying from writing essays, to trig, to electrochemistry, to playing b-ball, but most importantly they taught us that at J. Percy Page "You make the difference!" Lastly, and perhaps our greatest treasures of all, we must remember our parents/guardians and family. They have fed, clothed, raised and most importantly, loved us for the past 18 years. They have also had the experience of seeing us grow to the potential which we are acknowledging today. Let us give a round of applause to our friends, teachers, and parents.

Leaving Page engenders a feeling of sweet sadness in many of our hearts. Sweet because we are looking forward to becoming independent individuals; sad, for at the same time we will miss those who have influenced us in the past 3 years. As a graduating class we have grown together and have formed a unity, a bond which may seem umbreakable at the present moment. "We have great expectations, but if we don't face the truth we can't fulfill them." -Sherry Robbins. The truth is that we will never see many of our fellow graduands again. It is a truth we must sadly but accept. Just as we begin to feel comfortable with high school, it is time to move on. This is the very reason why we must "seize the day" and cherish the moment.

I hope for all of us that we can strive to reach our goals in the future. We should all try to achieve to our maximum capacity. We should not be satisfied with second best, but should strive for the top! I can truly say that I am honoured to be a member of the J. Percy Page' 92 graduating class and wish each and every graduand the best of luck in the future. Every single graduand deserves the utmost amount of praise and respect for it is our hard work and dedication which has brought us here today.

In closing I would like to once again say that the future lies in our hands. The greatest obstacles to overcome are in our own minds. "The mind sets limitations, but the heart surpasses them!". Let us go with our hearts!

Thank-you and Good Luck!

Class Historians

John Clare and Eric Neff Class Historians for the 1992 Graduating Class

E - Eric Neff, J - John Clare
E - (takes long computer print out) Oh Crap!
J - What? What's wrong?
E - I think I forgot the speech, I can't find it!
J - Well what's that?
E - Umm... oh, it's my attendance profile. Just do something, it might be in my pocket or something.
J - Oh, okay,um... "To be or not to be, that is the question. Whether 'tis nobler to ..."
E - John, what are you doing?
J - Uh... I'm doing a speech. I learned it in English and Mrs. Robbins always said I'd be able to use it in the real world.
E - Well never mind that, look what I got!
J - "How To Write a good Grad History Speech"gee, where did you get that?
E - Um...that place behind the pit...with the window, its got books and stuff.
J - Oh yeah! The place where there is supposed to be 20 thousand or so books, but no one knows where they are!
E - Yeah, that's the place! Well I went there for the first time yesterday to get this book. I thought that it would help if we needed to stretch our 3 minute speech to a 4 minute speech.
J - Yesterday? Hold it that's a text book, and yesterday wasn't a full moon and the temperature wasn't between 10 and 15, and besides, everyone knows that textbooks with less than 500 pages can only be signed out on odd days!
E - Signed out? You have to sign books out? Gee, I thought you could just take them.
J - Just get on with it!
E - Okay...um... C-h-a-p-t-e-r o-n-e-
J - Oh yeah, that's right poor sap, you had McEachern for English. You can't read!
E - So? You gotta problem?
J - Here, let me see... "Chapter 1 - Welcome and that stuff...zib zib.." Oh, sure, Good evening Ladies and Gentlemen and Welcome to the J. Percy Page Class of 92 Commencement. My name is John Clare and this is Eric Neff and we are pleased, and honored, to be your Class Historians.
E - Yeah! that was pretty good, kinda made us sound half respectable... now what?
J - Lets see here.. "Chapter 1- Say how scared you were in grade 10." E&J - Ohh, boy were we scared in grade ten!
J - Hey remember that guy who streaked the hallways in the cool spandex outfit?
E - Ya, did they ever figure out who it was so that they could take him away?
J - That was our principal.
E - We have a principal?
J - Ya, that's him over there. (Eric goes to shakes Mr. Lepatski's hand)
E - O.K, you can check that off, what's next?
J - Um, Chapter 3, says how you thought grade 11 was cool and how you hated grade 10ers.
E - Grade 11 sure was cool eh ?
J - Yeah, and I hated those grade 10's.
E - Heh, this is easy man!
J - At this rate, we'll be off the hook in no time.
E - Here, I don't even need the book now. Boy I hated the grade 10's when I got into grade 12, they were so immature. Why do you think that the pit turned into American Bandstand with all those guys bustin the move
J&E- O.P.P...O.P.P.
E - Well, I'm a lot smarter than the rest of those geeks sitting out there. I mean look at them all wearing their cool outfits waiting for us to get this speech over with so that they can grab their diplomas and then change into some normal clothes. Well we've got a surprise for you, we like it up here.
J - It says we're suppose to make fun of the teachers.
E - Are you sure that we should? I mean I'm not sure about you, but some of those marks are kinda on the edge...
J - Humm.. yeah maybe you're right.
E - Here, I've got an idea! "Boy, Mr. Mclean was a good advisor!"
J - "And Mr Jenson was always straight to the point"
E - "Mr. Loehde never wasted time in class."
J - "Mr. Tak was such a trend setter with that hair cut. Look how those guys got their hair cut."
E - My mentor Mr. Stevenson, taught me so much about life, and was the one who molded me into the fine, peace-loving citizen I am today.
J - O.K don't over do it. I think we buttered the old birds up enough. The book says to talk about school disasters.
E - You mean like getting Skitch for math class?
J - Yeah, or like eating the food in the cafe, or the school adding Mr. Lotz to their staff.
E - What about when the fire alarm went off and flooded the school, or when the custodians went on strike?
J - Nah, those weren't disasters, those were fun!
E - Hey, what's this in this fine book?
J - I don't know, Let's see
E - Someone wrote in this book with pencil!
E&J - GASP! Better call Crime Stopper
E - Yeah, maybe we'll get a reward or something. I gotta form right here, let's fill it out while the it's still fresh in our memory.
J - Make sure you put my name on there too so I can get some of the reward money. I think I'll buy a dance ticket with it so that there will be a lot of awesome dances next yeat. Eric, the speech? Come on!
E - How much time is left?
J - A couple minutes I guess.
E - Okay, lets talk slower.
J - We won't have to, in the back of the book it says we can fill in time with these.
E&J - "When I first came to Page, I thought I was in a shopping mall. I was confused by the three house system. What's with all the windows?"
J - Oh, by the way, I was talking to Debbie just before the Commencement and she said that the whole grad class is invited out for pizza later.
E - Really? How come?
J - She said something about McEachern paying grad council $2000 so he could speak tonight. I guess the only other school was an elementary and they were asking for $5000.
E - Hmph, he got off cheap.
J - To end, we would like to leave you with something from Robert Fulghum's "All I Really Need to Know I Learned in Kindergarten." These are some things we learned:
E&J - Share everything, play fair, don't hit people, put things back where you found them, clean up your own mess, say you're sorry when you hurt someone, always remember to flush
J - Be aware of wonder. Remember the little seed in the Styrafoam cup: The roots go down and the plant goes up and nobody really knows how or why, but we are all like that. (pauses looks at Eric sadly) I'll miss you Eric! (goes to hug)
E - What the heck! I'll see ya next year!

In my youth
I crossed this bridge,
My friend, you did not follow.
I on one side,
You the other,
Each taking our separate paths
Only glancing back
To remember the past
And you, my friend;
Across that bridge long ago.
Until we meet again... TAL

Thank you to all my friends and my family for pushing me out of the ditches when times were rough. Now comes the time to decide where the next road will take us. Make sure to choose wisely and enjoy the journey. Who knows, maybe our roads will cross. "Life is a Highway" Tom Cochrane

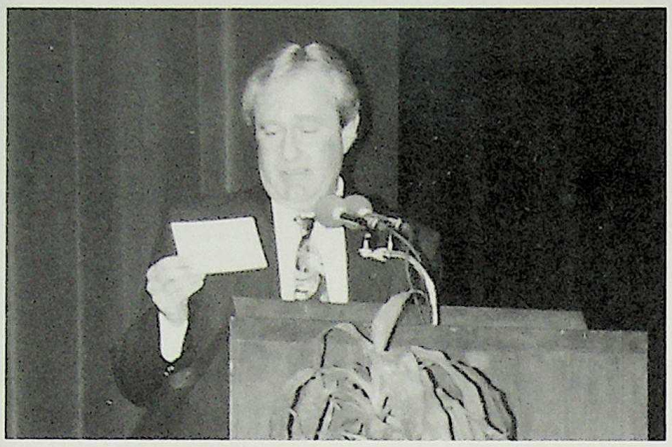
Mr McEachern's Speech



Ladies, gentlemen, parents, staff and, of course, graduands

It is graduation time. A time of celebration. A special time. And all across North America speakers famous for their success or wisdom are addressing groups of eager students. And you have me! What claims to success and wisdom can a high school English teacher make? Like you, I don't know a "hawk from a handsaw" unless I read the footnotes.

However, I thought I should list possible topics: dedication, motivation, alienation, application, collaboration, deliberation, elimination, fabrication, generation, hibernation, identification, implementation, limitation, meditation, memorization, moderation, mutation (Why does the name Aaron Paquette come to mind?), negation, normalization, obligation, ordination, organization, pigmentation, and self-realization. It occirred to me that I could talk about anything - except inebriation and a few others that we don't talk about in public. A detailed examination of my life has brought me to the conclusion that the wit and wisdom of D.C. McEachern can be summed up in one sentence: The parrot is dead. A parrot, is of course, a bird with a hooked bill and brightly colored feathers. Many of you will recognize this as a line from a Monty Python sketch. The point I would like to make is that we must never forget the absurd - the ridiculous - the silly - which plays such a large role in our lives.

Many of my most vivid memories involve the absurd. I have driven a car off a cliff at 80mph... backwards. I have driven my Porsche into a parked truck at 100mph... in broad daylight. I have been trapped in a room for 48 hours with a chimpanzee called Suzy... who liked me a lot.

If the absurd has played a role in my life, it seems to play one in your lives, too. Look back at the Grad '92 Fun Awards. John Clare was voted "Most Likely To Succeed," but John's idea of success is finding his way home or having a double digit IQ. I don't know Shannon Stratychuk, but if she can beat out Jennifer Owen for "Most Talkative", then I'm impressed. If Tobie Mathew was really the "Most Involved," then wouldn't she win for "Best Couple"? How will Dale Berg explain to his children the "Nicest Legs" victory? And Tammy Neilson and Bobby Singh win as "Biggest Flirt." I bet they really want to get that on their job resumes! Teachers and students can be absurd. And so can academic content. Romeo and Juliet have no sense of the absurd because their first kiss doesn't involve braces. The Macbeths lack humor and so everyone dies in Dunsine and Hamlet in Elsinore. While I wouldn't use this on a Departmental Exam, a case could be made that the ghost in Hamlet was just joking and thought that Hamlet was so humorless that he would even believe the one about poison "in the porches" of the ears!

I like to laugh. I like the absurd. Humor keeps us in touch with the human side of life. Shakespeare said, "Frailty, thy name is woman." Not so!! Frailty is the name of woman and man. We are all frail. We make mistakes, we fail, and do incredibly stupid things. Our sense of the absurd, our humor, prevents us from being "victims" of our weakness and our strengths.
I worry for you as you go out to enter the world now. There is no room for the absurd in the present world of the"politically correct." Without acknowledging the absurd we become sensible, logical, responsible, and practical. And our world becomes dependable, clinical, intellectual, and cynical. Finally, one is satisfied being acceptable, respectable, presentable - a vegetable. Recognizing the absurd is the only cure I know.

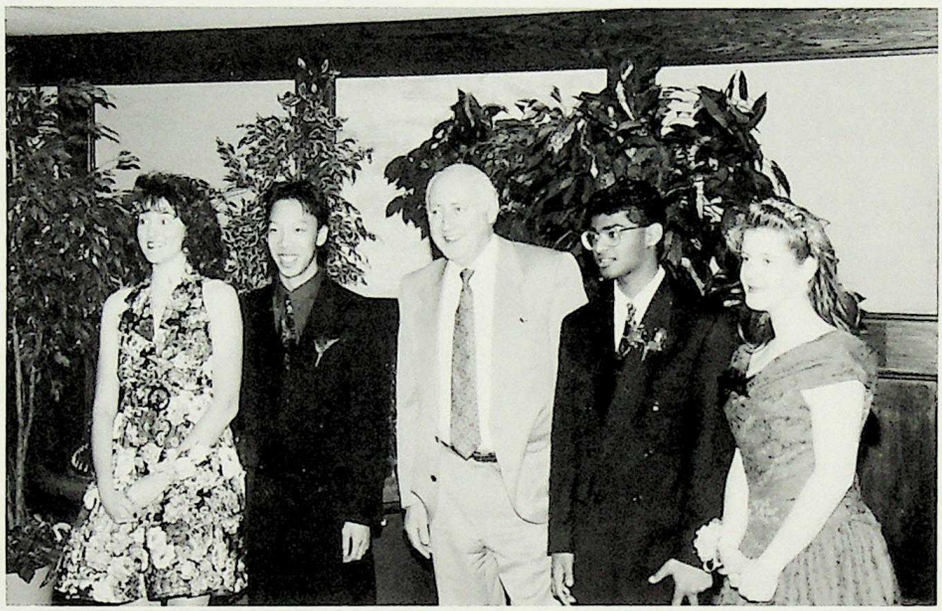
Soon you will see the smiles of proud parents and teachers who have tears in their eyes. And you will laugh and cry and kiss and hug your friends of these past three years. If someone viewing this scene was to say "Isn't this silly. Isn't this absurd," the answer is "Yes! And isn't it wonderful, beautiful, magical, a miracle!"

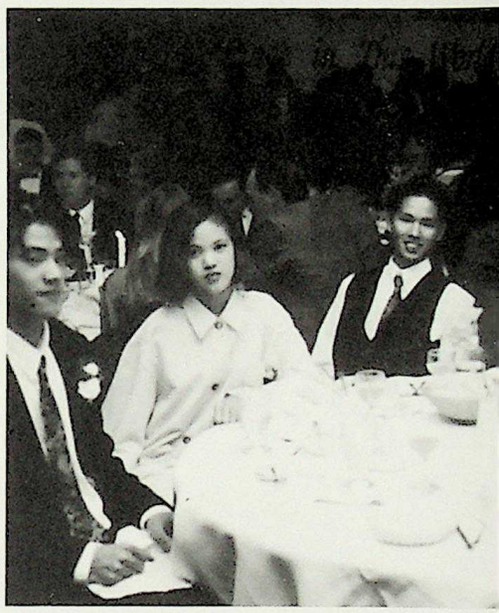
The parrot is dead. Long live the graduands of '92. May all your tears be tears of joy.

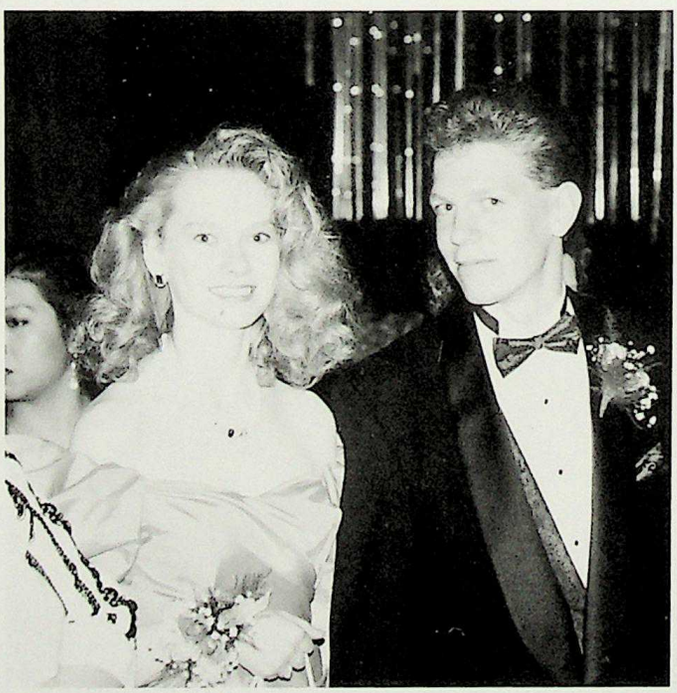
Mr. McEachern, Guest Speaker

Grad Banquet 92

On May 23rd, the grad class of 92 held their banquet reception at the Convention Inn. Toasts were given and speeches made. After the meal, the grad class took time off to watch the slide show. It ended with a dance. The night was full of emotions as friends and family gathered together for one last time to share memories of the past three years. It was a joyous but sad feeling. It was a celebration of the end but at the same time it was a good-bye to our high school years.







First Row Left to Right: Kari and Michelle watch Dean to see if he can still count. Matt and Shauna are just ready to go into the ball room.

Second Row Left to Right: Rena, Mike, Mr. Gainer, Alvin, and Cheryl can hardly wait until they can stop smiling. John, Alex, Guy, Amanda, Dan, Marcie and Angela all wait eagerly for their bread and water. Brad, Jodi, Kelli, and Jeff pose for their proud parents.

Third Row Left to Right: Michelle and Dean can hardly wait for the banquet to start. It's party time for Susan, Carley, Marci and Sabrina. Shannon, Kim, and Vanessa show off their sexy legs. Sonja, Vicki, Liza, Mel, Virgina, and Teresa gather to discuss after banquet plans.
